CHAMBER CONNECTORS

Chamber Connectors is a “getting to know you” initiative launched by your Chamber board.

Connectors will call on members to build relationships, learn more about member needs and expectations, and be sure members are aware of all of the benefits of Chamber membership.

Board Vice President and Membership Committee Chair Todd Huguen will begin calling on members in September.

Carlisle Chamber of Commerce Community Betterment Grants

- Details for applying for the grants, as well as eligibility requirements and the timeline, will be available at the October 6th Chamber Meeting at Stadium View.

The Chamber: Further Collective Interests & Advance Community

New residents, as well as new businesses are coming to Carlisle. To create a thriving community, new and current residents must find out what is available to them and take advantage of services, retail and events.

Local businesses are the foundation of our community. They offer fine goods and services, support the schools and community organizations, churches and events, and invest in advertising, and place information in Welcome Packets to showcase what they offer.

Thank you to the top-notch business leaders in Carlisle who encourage residents to shop, eat, work and play locally.

2015 Chamber Membership Dues and Directory

- It is time (already) to look to 2015. Membership dues renewal letter will be mailed in October.

Greater Des Moines Partnership Needs Your Input

The Partnership supports initiatives aimed at reducing unnecessary regulatory burdens on industry, promoting economic growth and job creation, and minimizing impacts of government action on small business. We strive to eliminate or reduce unnecessary, outdated, or redundant rules that place undue burden on business. Accordingly, the Partnership supports reforming the regulatory process to make it more effective and accountable. In order to be most effective, we need your help distinguishing what rules and regulations are putting a burden on your business to better represent your concerns. Partnership Members are encouraged to [complete a short survey](#). This will help us to better represent and serve you.

If 10% of businesses commit to hiring veterans over the next 3 years, Carlisle can carry the Home Base Iowa designation. Home Base Iowa Businesses are the centerpiece of the Home Base Iowa program.

- 1. The business pledges to hire a specific number of veterans by 2018**
- 2. The business commits to posting their jobs on the Home Base Iowa website.**
- 3. The business becomes a member of Skilled Iowa.**

According to Home Base Iowa, by joining together, we can meet our goals of increasing employment in Iowa, decreasing veterans' unemployment, and recruiting high quality individuals to Iowa.

For more information, contact City Administrator, Andy Lent, at City Hall. 515.989-3224.

Warren County Extension: Skills, Leadership, Friends, Memories

The Warren County Extension has been operating on the same tax levy since 1986. Only 3 of the other counties in the state are limited in this way.

Warren County Extension is finding it difficult to provide educational, agricultural, families, health, and youth services with this low funding formula.

The November ballot will carry a question on increasing funding for the Warren County Extension Service. This increase is only a few cents a day for the average homeowner.

Make an informed decision.
