Business Spotlight

The Warren County Conservation Board (WCCB) was established in 1974 and has made it their mission to provide environmental education programs, maintain parks, trails, and natural areas for recreation and connect citizens with the outdoors.

Based out of the Annett Nature Center located at 15565 118th Ave, Indianola, IA WCCB has 8 full time staff that oversee 2,700 acres of natural land, 22 miles of paved bike trails, and over 20 camping sites for the citizens of Warren County to enjoy on a year-round basis.

Annett Nature Center, available to visitors' inquiries, complaints and requests. Rental reservations can be made of our 7 rental facilities, coordinates marketing and public outreach.

We provide a wide range of environmental education opportunities to all age groups. Programs include Rain Barrel Making, Prairie Burns, Shinrin Yoku Forest Therapy, Paddleboarding, Owl Prowls, Summer Day Camps, Geocaching, Dutch Oven Cooking, Seasonal Hikes, Native Prairie Seed Harvest, Monarch Tagging, and Snow Showing to name a few. We work closely with several of the school districts within Warren County bringing the outdoors indoor.

We work in maintaining our 17 parks and 2 bike trails. Each area has its challenges by keeping our parks in tiptop shape for visitors. WCCB started with Otter Creek as their first park and have steadily grown over the years through land donations and purchases to be able to provide areas for citizens to step away from the electronic chaos that is today's world and reconnect with their natural roots.

The Carlisle area is important to the WCCB with the Summerset Trail connecting to the Carlisle Nature Trail as well as Grant Nature Land Park located just East of Hartford. We feel the Carlisle Chamber will help WCCB make better connections within the Community of Carlisle, and we look forward to engaging with local businesses, organizations, and individuals to build lasting relationships that lead to a stronger, more vibrant community.
