Hey Friend! It's Kevin and Geri Seiberling. We own and operate Etc Graphics Inc with our small but mighty crew here on 1st St. in Carlisle. You may have seen our building with the ART MURAL on the windows?

We serve Small Business by DESIGN. We know everything an organization does is branding, from the front of the store to the back door. We work to keep your image highly polished with interior and exterior signs, vehicle graphics, displays, and print marketing to support your brand. We're like the art department you've always wanted. Need to attract the right customer? We can help you do that and stay consistent all along the way.

Without a doubt, running a small business is one of the toughest things we have ever done. It's not for the faint of heart. But even though it is a challenge, we love everything small business with everything we've got. We have seen the power of small business to transform shy people into superheroes and then turn their dreams into reality. We absolutely LOVE IT when that happens.

Business Spotlight

Do you have a small business dream? We have been growing small business dreams since 1988. Your graphics should reflect your purpose. We set out to find and serve people with the desire, not just to make sales, but to make the world a better place. If that describes you, we would be delighted to add your name to a long list of our outstanding customers—a list that includes some of the finest people and organizations around.

If we haven't had the opportunity to meet you yet, please stop in!

And give us a call if we can help you with your next project!
