Business Profile: Dr. Tyler had the dream of owning a small-town dental practice since he was in high school. He and Dr. Emma located the practice in Carlisle for sale prior to graduation from dental school in 2017 and were attracted to the community immediately. Our love for the outdoors led to selecting the beautiful Des Moines River for the name. Emma began seeing patients on Thursday mornings in 2023, having previously worked as an associate doctor for another dental company. In addition to our private practice, Tyler and Emma both serve long-term care facilities in Iowa.

From the first day of ownership, our approach has been to show support to the community. We really want to serve in as many ways as possible in addition to our dentistry. Our goal is to offer a local choice for the highest quality care around. We go above and beyond to ensure that our patients are comfortable and satisfied.

From the moment that you step into our office, you will be greeted by a friendly face. We make our dental treatment rooms as accommodating as possible, including televisions placed on the ceilings, giving patients a pleasant distraction during treatment. This also allows us to display x-ray images and photographs right in front of them for better presentation.

Business Spotlight

We pride ourselves on being a well-rounded dental office, offering all general dentistry procedures including checkups, cleanings, fillings, crowns, tooth extractions, and dentures. We also offer clear aligner orthodontic treatment and implants! We have added a digital scanner that limits the use of traditional impressions and the mouthful of "goop" that everyone loves!

We were honored to be named 2022 Chamber Business of the Year and 2022 Warren County Economic Development Corp Business of the Year.

We have room to grow and are always accepting new patients! Please consider shopping local for your dentist as well.
