**Ice Skating Rink Coming to Carlisle
Thank you to our Friends of Carlisle Parks and
City of Carlisle**

By Denny Woodruff, Friends of Carlisle Parks

We are happy to announce that the Friends of Carlisle Parks and City of Carlisle are receiving a 40'x 80' ice skating rink donated by the Iowa Wild! The announcement was made last week and featured on Channels 8 and 13 in their evening segments and the Carlisle Citizen and Independent Advocate newspapers.

There will be no cost for skaters to use the rink. The city will donate the water for the rink and Parks and Rec Director, Mason McMillen, will oversee operation of the winter skating program. Volunteers will be needed during the skating season to scoop snow and refresh the ice surface. A port a potty has been set up at the site as all City Park restrooms have been winterized.

A Ribbon Cutting is being planned for a later date. We will keep you posted.Ahgggggggggggggggg

PDM and their talented crew were out at the nature park today to install the bridge pier lighting. The structures are absolutely beautiful and are definitely works of art. And thanks to John Mortale with Iowa Elevator Systems for the use of their crane to set the structures.

MidAmerican has finished the electrical hookups and so we will be able to light the structure when Tri City Electric is able to finish their work.

Thanks to everyone involved! This was a long and challenging process, but the results are absolutely amazing! A special thank you to Luke Petersen, President of PDM who agreed to donate this project to Friends of Carlisle Parks and the City of Carlisle. We will be forever grateful!!!!

Thank you to our Friends of Carlisle Parks and

**City of Carlisle for making Carlisle
a great place to live.**
