For more than 60 years, the General Mills Avon, Iowa, plant has been a proud part of the community—providing jobs, supporting local causes, and producing over 30 types of flour and 44 mixes, including 99% of Betty Crocker pouch mixes sold nationwide.

The team takes pride in upholding the highest standards of food safety and quality while maintaining a strong focus on employee well-being. With around 100 team members and partnerships with 350 Iowa suppliers, the plant continues to invest locally and grow its impact. In October, Avon celebrated Manufacturing Month with events recognizing employees' hard work and success. Next month, our Avon team will mark the 10th anniversary of *Proud of the Place We Work Week* – a testament to their dedication and community spirit.
